Commercial/Industrial HVAC Incentive Worksheet

For detailed technical specifications & incentive dollar amounts, visit TeamUpToSave.com/ci or click this link

Incentives on a Per Ton Basis									
Equipment Type*	Manufacturer and Model Number**	SEER	HSPF	Daily Operating Hrs. Between		Tons/Unit (cooling) A	Quantity B	Incentive/Ton + C	Incentive = A x B x C
		EER	COP	7am - 9am	3pm - 8pm				
Total Section A									

*** Equipment Type:**

- AC-U Air Cooled Unitary Packaged AC
- AC-S Air Cooled Split System AC
- HP-U Air-to-Air Heat Pump Packaged
- HP-S Air-to-Air Heat Pump Split System
- GEO Geothermal Heat Pump

Incentives on a Per Unit Basis									
Equipment Type*	Manufacturer and Model Number**	SEER	HSPF	Daily Operating Hrs. Between		Btuh/Unit (cooling)	Quantity A	Incentive/Unit +B	Incentive = A x B
		EER	COP	7am - 9am	3pm - 8pm				
Total Section B									
Total (Section A + B)									

*** Equipment Type:**

- AC-U1 Air Cooled Unitary Packaged AC, Single Phase
- AC-S1 Air Cooled Split System AC, Single Phase
- HP-U1 Air-to-Air Heat Pump Packaged, Single Phase
- HP-S1 Air-to-Air Heat Pump Split System, Single Phase
- PTHP Packaged Terminal Heat Pump
- SPMS Single Phase Mini-Split Heat Pump
- T-STAT Programmable Thermostat

** Split systems must include model numbers for outdoor unit and indoor unit
